I. Welcome Messages

MINISTERSTWO SPORTU I TURYSTYKI
PODSEKRETARZ STANU
Jan Widera

Ladies and Gentlemen,
Dear Students,

With great pleasure I accepted the Honorary Patronage of the Women's and Men's European Universities Basketball Championship, Poznań 2019. We will witness in the Capital of Wielkopolska Region an exceptional event – the best university teams from the whole continent will play for a champions' titles.

Poland already has a broad experience in organizing European Universities Championships, in many disciplines of sport. And this is not the first time, when we are the hosts of the students' basketball championship. I am very glad that the event will take place in Poland again and that the basket fans will have opportunities to observe spectacular actions and tough rivalry. I am sure that the players will reach their optimal level of performance at the Championship, guarantying to them and to the spectators lots of wonderful emotions.

An international sporting event is not only an impression in sports on a highest level, but also an excellent occasion to meet the region, where it is held. I encourage you to spend time in that part of Poland, to visit in Poznań the Town Hall at the Old Market Square, the Cathedral Island or one of the most magnificent lordly residences in Poland, Górká Palace. I am convinced that the time the participants of the Championship will spend in the capital of Wielkopolska will be very fruitful.

Dear Students! From the depths of my heart I wish you successful competition, in a fair play spirit – let the best win! And I sincerely thank all people engaged in an organization of the event. I hope that the sportsmen and spectators alike will get nice impressions from Poland and from the Championship.

Sincerely,
Jan Widera

Warszawa, 14 czerwca 2019 r.

Message from EUSA President

Dear Friends,

I am happy to greet you at the 15th European Universities Basketball Championship in Poznań, Poland!

On behalf of the whole EUSA community, I would like to express my gratitude for inviting European student-athletes here. It is a wonderful occasion to be together and experience the beauty of sport. I am pleased to see so many sport lovers, who share values of Fair Play, equal opportunities and education, promoted by EUSA.

European Universities Championships 2019 organized in 23 sports make it possible for student-athletes to get to know each other and challenge their skills in a friendly atmosphere. During such events we do more than just sport – we broaden our horizons, get to know other cultures, we promote healthy mind in a healthy body.

Being an organizer of such an event is challenging but rewarding. I know it is a hard task, and I want to express my appreciation to the Organizing Committee and its partners for the great job they have done. And of course, my gratitude to the Authorities for their auspices of this event.

I believe that this Championship will bring the participants positive experiences and good results. I am sure that the athletes will compete in a Fair Play manner, respecting the rules and their opponents and please the spectators with their performance.

I hope you will enjoy your stay, your achievements and your time spent in Poznań!

Good luck!

Adam Roczek
EUSA President

Ladies and gentlemen,

Welcome all of our guests in the capital of Wielkopolska – including more than 500 players of both genders from ten-odd European countries – participants of the European Universities Basketball Championship for men and women – Poznań 2019.

I am glad that we can host the best students – athletes at this special time. This year we celebrate the centenary of the University of Poznań, a university from which other specialist universities of the capital of the region have grown, including one educating in the field of sport and tourism. Fifteen successful years of Poland's presence in the structures of the European Union have also passed. The uniqueness of this time also results from the recent celebrations of the centenary of Poland's regaining independence and the outbreak of the victorious Wielkopolska Uprising. It's good to spend those moments with friends.

I would like to stress that the Self-Government of the Wielkopolska Region attaches particular importance to the development of universities in the region, earmarking, among other things, EU funds for the improvement and expansion of sports, research and lecture facilities. We try to use this potential in the development of the voivodeship and create cooperation between the research and industry spheres. Wielkopolska's universities are also famous for their very well-developed sports organizations, in which many young people are involved. All this makes Wielkopolska, in the general opinion, a perfect place to study, pursue passions and interests. I am convinced that the participants and guests of the Championship will have the opportunity to feel this unique atmosphere. This can certainly be confirmed by thousands of students visiting Wielkopolska within the framework of the Erasmus programme.

I believe that participation in the European Universities Basketball Championship for women and men – Poznań 2019 will be an unforgettable experience, bringing satisfaction from the matches played, the opportunity to make new friends and get to know interesting places. I wish you a good stay in Wielkopolska!

*Marek Woźniak
Marshal of the Wielkopolska Region*

Mayor of Poznań message to the participants of the European Universities Basketball Championship

Dear Sirs and Madams,

I would like to warmly welcome the entire academic community to Poznań. I am glad that the capital of Wielkopolska will be the host of the European Universities Basketball Championships in the coming days. I am convinced that it will be a great spectacle that will attract many fans of this sport.

Poznań is a modern, dynamically developing city with a rich history and many traditions. The business nature of the capital of Wielkopolska is balanced by youth, which is brought by students.

Every fifth person met on the streets of Poznań is a student – nearly 110.000 young people study at 25 universities. Thanks to them, the city is characterized by amazing atmosphere, freshness of ideas and a supply of enthusiasm allowing to carry out not only innovative scientific projects, but also interesting artistic, sports and entertainment events.

Poznanians love sport and are eager to participate in such events and encourage players to compete. It is worth noting that their support is not only limited to cheering. Many inhabitants do sport themselves, which is supported by a rich sports and recreational base.

Academic sport, which has a long tradition in Poznań, is a forge of talents and promotes the harmonious psychophysical development of young people. Undertaking systematic sports activity at a young age affects the quality of life and shapes the character and ethical attitudes in a positive way.

I wish the athletes, coaches, referees and supporters an unforgettable experience and a great time spent in our city. I hope that your stay in Poznań will be rewarding, and that you will find the wide range of sports, cultural and recreational events interesting.

Jacek Jaśkowiak
Mayor of Poznań

Message from the President of the University Sports Association of Poland (AZS)

Dear Participants of the Championship, Dear Friends,

I am very happy to welcome you in Poznań at the 15th EUSA European Universities Basketball Championship.

I want to express my sincerest gratitude to my colleagues of AZS Poznań for their active involvement in the international university sports, as it is another EUSA or FISU championship event held in this town. And I want to thank the authorities of Poznań-based higher education establishments, as well as those of the Town and Region, for support to our student sports community.

The University Sports Association (AZS) is the biggest students' organization in Poland. It was established in 1909 in Kraków. As the precursor of the university sport movement, the AZS has actively participated in international students sporting events since the very beginning. After World War II, when the International University Sports Federation (FISU) was created, the AZS was among the first federation to join it. And we were one of the founders of the European University Sports Federation (EUSA), in Vienna, in 1999.

Our *crème de la crème* is professional sport. The first Olympic gold medal for Poland was won by Halina Konopacka from AZS Warszawa (athletics, Amsterdam 1928). Of our 305 Olympic medals, 52 have been won by athletes of AZS clubs. One of AZS key focus areas is "sports for all". For over 50 years now, we have been organizing Polish Universities Championships (AMP), which promote sports and active life among students. The best of them receive an opportunity to compete in the European Universities Championships.

Each year AZS hosts international FISU and EUSA competitions. The most important of these were two Winter Universiades in Zakopane (1993, 2001). We have organized also 30 FISU World University Championships and 23 EUSA European Universities Championships. We also have a great event coming up in 2022 – the European Universities Games, which will take place in Łódź.

It is worth noting that AZS, was announced the best students' sports organization in the World – in 2017 by FISU and in 2018 by EUSA.

I wish all participants of the 15th EUSA European Universities Basketball Championship excellent rivalry and successes. May you also enjoy your stay in Poznań.

Prof. Alojzy Nowak
President of the University Sports Association of Poland

Message from the President of the Polish Basketball Association

Dear Sirs/Madams,

The Polish basketball is becoming more and more popular among children and young people each year. The professional leagues increase their sports and marketing level. After 52 years, the Polish national team is going to play at the 2019 FIBA Basketball World Cup in China. I realize that a very important link between youth and senior basketball is the university stage, which ought to be supported, because female and male players can fulfill themselves in terms of sports under the supervision of professional lecturers and trainers, while continuing their education during this time. Thanks to this, we can count on providing staff and clubs competing in the women's and men's leagues with complete athletes.

I am proud that we take the patronage of the European University Women's and Men's Basketball Championships in Poland as the Polish Basketball Association; and we will be able to watch the struggles of the best university teams in Poznań together.

The host of the tournament, AZS Poznań, has a rich history connected with basketball; and I am convinced that the competition organized on behalf of European University Sports Association (EUSA) will take place at the highest level; all the more because AZS has already organized the European University Championships, which were highly rated by the participants.

I wish all those involved in the implementation and preparation of the tournament that the European University Women's and Men's Basketball Championships be held smoothly, and the female and male players experience sports emotions that will give them positive memories of Poland. I am counting on fierce competition in the spirit of fair play, but also shared good fun during the tournament, because basketball is a team sport that provides joy, emotions shared mutually by the female and male players, their families, and fans apart from its sports value.

Radosław Piesiewicz
President of the Polish Basketball Association

Message from EUSA Technical Delegate

Dear student athletes, coaches, referees and all participants of the EUSA Basketball Tournament,

I would like to welcome all of you to Poznań at the 15th European Universities Basketball Championship. During the following days we will have a great Tournament with participation of 12 women's and 16 men's teams.

I wish you great basketball experiences between the first and the final day of games , very comfortable stay in Poznań and interesting competition as well in women's as in men's tournament.

I also wish all referees very good games in fairness and sportsmanlike spirit.

I want to express big thanks to the Organizing Committee for delivering this large tournament in Poznań. I especially thank the great number of volunteers, who are ready to help the participants in every aspect of their stay in Poznań and make them feel very welcome in this beautiful city.

I wish all the teams great successes and I congratulate in advance the best women's and men's teams for winning this prestigious tournament.

Peter George
EUSA Basketball Technical Delegate

Message from the Chairman of the Organizing Committee

Ladies and Gentlemen, dear Friends,

I welcome you all on behalf of the Organizing Committee of the Championship and the University Sports Association (AZS) in Poznań.

I am glad that for the second time (the first one was in 2010), Poznań hosts the best male and female basketball players from universities around Europe. It is a special event for us – the European Universities Championship officially marks the start of celebrating the 100th anniversary of our Organization in Poznań. We will be celebrating this anniversary for the next several months and we plan to conclude our jubilee academic year in July 2020, during the 17th World University Futsal Championship, that we will organize in Poznań as well.

Basketball is a special sport discipline for the University Sports Association in Poznań – already before World War II, our male basketball players won the title of Polish Champion four times. Then, it was the female basketball players who achieved better results, including winning the Polish Champion title in 1978. The university teams from Poznań also won medals in the Polish Universities Championships and the youth teams were medalists of the Polish championships in their age categories.

I hope that your visit to Poland and Poznań will be enjoyable and will bring you a lot of positive emotions. As organizers, we will do our best to meet all your expectations as well as to conduct the sporting event in accordance with the rules of the European University Sports Association (EUSA) and the International Basketball Federation (FIBA).

Tomasz Szponder
Chairman of the Organizing Committee
President of the University Sports Association in Poznań

II. General Information about Basketball

BRIEF HISTORY OF BASKETBALL

Basketball was invented in 1891 by Dr James Naismith, a Canadian of Scottish descent at Springfield College, in Massachusetts, USA. The College was the international YMCA Training School and the game was invented to provide an indoor activity for trainee YMCA leaders. When the game was first played, each baskets were nailed up at each end of the gymnasium as “goals”, hence the origin of the name “basketball”.

The first set of rules was published and distributed through the YMCA movement in 1892 and this resulted in the game spreading rapidly throughout Canada and the USA. 1892 also saw the game played in England for the first time at Birkenhead YMCA after the Club President played this game on his business trip in Canada.

By 1898 a professional league was established in the USA and by 1911 basketball had spread throughout the UK as a sport. In 1924 basketball was introduced as demonstration sport at the Paris Olympic Games and Great Britain won the title. In 1931 FIBA, the International Basketball Federation, was formed. By 1990 there were 117 countries in FIBA, making basketball the second largest of all the worlds governing bodies in sports and also the world’s fastest growing and largest participation sport.

Until now, there are 212 member countries worldwide affiliated to FIBA.

WELCOME TO POZNAŃ THE MODERN CITY IN THE HEART OF EUROPE

Poznań is a city with a history that goes back more than a thousand years. In the Poznań area the first Polish rulers settled. Modern Poznań is a vibrant metropolis, a perfect place for business and entertainment. Today Poznań is a capital of a Greater Poland Region (Wielkopolska), city with the population of almost 550,00 people. More than 120,000 student population gives Poznań incredible energy. The city is famous for its effective entrepreneurship. It is a home to many brands that have become tycoons on the Polish market.

Poznań itself is a highly recognized brand in the business and investment environment. The Poznań International Fair was established in 1921 and for many decades constituted a window on the world for the Polish economy. Poznań is a city of young and very active people, which makes its growth very dynamic. Young people study here at almost 30 universities and colleges, which means that nearly every fifth person in Poznań is a student. Poznań owes its amazing atmosphere to the streets. Fresh ideas and reserves of enthusiasm enable the execution of innovative scientific projects, art, sports and entertainment to its young people.

UNIVERSITY SPORTS ASSOCIATION (AZS) IN POLAND

AZS – the 110 year story

The University Sports Association (AZS) is the biggest students organization in Poland. It was established in 1909 upon the initiative of students from the Jagiellonian University of Cracow thus in 2019 the Organization celebrates its 110th anniversary. Its main statutory purpose is to propagate among students and employees of Polish universities and colleges physical training and education, sports and tourism of any nature.

The AZS is one of the most vital sports associations in Poland. During the period between two World Wars it was a forerunner in the development of many sports branches in Poland and greatly contributed in establishing of other Polish sports associations. Organization took a dominating position in such sports disciplines as: athletic sports, ball games, swimming, ice hockey, rowing, tennis, mountaineering. In those disciplines AZS introduced a number of pioneer methods in rational training and established first foreign relations in the field of sports as Poland regained its state sovereignty after the First World War.

After the Second World War AZS continued its activity while particularly emphasizing the universalization of physical training of physical training and sports practicing among university students in general. An AZS club almost in every university and college in Poland was established. At this moment AZS counts almost 300 clubs with over 40 000 members.

The AZS raised many members of Polish national teams and national record holders as well as medalists of the Olympic Games, World Championships, Universiades and World University Championships. Three AZS Olympians achieved gold medals during the Olympic Games in Beijing (2008): Tomasz Majewski (athletics – shot put), Leszek Blanik (gymnastics) and the rowing four. Tomasz Majewski repeated his gold achievement in London (Olympic Games 2012).

During the Olympic Games in Rio de Janeiro (2016), three AZS representatives were awarded with bronze medals: Karolina Naja (canoe sprint) as well as Agnieszka Kobus and Maria Springwald (rowing).

Sports for all

Among main activities of the AZS one can enumerate organization of competitions and tournaments between universities and colleges at local, regional and national level. These are series of 90 events played in more than 45 sports disciplines with the participation of around 15 000 students every year. Number of seminars and conferences are organized every year in order to promote the sports values and to form pro-sport attitude in the society. AZS provides education and training systems for coaches, leaders and volunteers.

High level sports

Around 8000 athletes registered in National Sports Federations practice in AZS clubs, among them the Olympic, Universiade, European and World Championships medalists.

Social activities

Annually, the AZS organizes Summer and Winter camps for students. Promotion of active tourism is also one of the main aims of the Association. AZS clubs propose to students rallies and excursions that permit to socialize by discovering the beauty of the country. Number of international youth exchanges promoting culture, sports and European integration are organized every year.

International university sports

The AZS is an active member of FISU and EUSA, since their creation. The representation of Polish AZS members in the governing bodies of these international students sports federations results in a very active presence of AZS within the FISU and EUSA events, both as participants and organizers. Only in 2019 AZS is an organizer of:

European Universities Badminton Championship	Łódź, June 23-29
European Universities Handball Championship	Bydgoszcz, July 04-10
European Universities Basketball Championship	Poznań, July 20-27
European Universities Volleyball Championship	Łódź, July 26 – August 02

AZS POZNAŃ – THE 100-YEAR HISTORY

The University Sports Association (AZS) in Poznań – host of the 15th European Universities Basketball Championship – was established in 1919 by the students of Poznań University (nowadays Adam Mickiewicz University) thus in 2019, AZS Poznań starts the celebrations of its 100th anniversary. Since 1919 AZS Poznań has been one of the strongest sport clubs in Poland. We can be proud of our 38 Olympians, numerous World and European Champions and especially of the Sydney 2000 Summer Olympic Games gold medalist – Szymon Ziółkowski (athletics – hammer throw), who is presently a member of The Polish Parliament.

The Association in Poznań presently consists of two competitive sport clubs and about 20 AZS clubs affiliated to the universities and colleges in the Wielkopolska (Greater Poland) Region. Altogether we count about 4,000 students and the university employees in our ranks. The most popular system of student competitions is the Universities of Wielkopolska Championships held annually in about 60 sports disciplines.

We are famous for our women's basketball team that nowadays performs in the Polish Basketball Association Extraleague (the highest level of basketball competition in Poland) and not long ago reached for the titles of Polish Champion and Vice-Champion.

We have vast experience in organizing international student sports competitions. We frequently host the FISU World University Championships – 6 times until now: in cross country, rowing [three times], futsal and canoe sprint (with futsal to be organized in Poznań again, in 2020) and the EUSA European Universities Championships – 4 times before: in tennis (2009), basketball (2010), rowing (2013) and futsal (2015).

And we are more than ready to host in July 20-27, 2019, the EUSA European Universities Basketball Championship again.

IV. About EUSA

The European University Sports Association (EUSA) is an umbrella organization that comprises National University Sports Associations (NUSA) from 46 European countries, providing sporting activities, educational events, and expertise in policy making and programming. The organization is well known within the sector as a safe and strong voice for University sports in Europe, promoting fair play values, and supporting their membership by partnering with European Sports Federations and lobbying within the European Union, the Council of Europe and other institutions for funding to improve the provision of sport. EUSA is a proud and active associated member of the International University Sports Federation (FISU) and also works with other Continental University Sports Federations (CUSF).

EUSA ACTIVITIES

SPORT EVENTS

European Universities Games

European Universities Games (EUG) is a multi-sport university sports competition governed by the European University Sports Association (EUSA). Participants in these events are European university teams and individuals.

The Games are organized on a biannual basis, starting with 2012, with the latest European Universities Games taking place in Coimbra, Portugal in 2018. The Games as such represent the largest European multisport student event.

European Universities Championships

European Universities Championships (EUC) are university sports competitions governed by the European University Sports Association (EUSA). Participants in these events are European university teams and individuals.

The Championships have been organized annually since 2001, starting with two sports. EUSA sports programme continued to grow, and currently the Championships are organized with 23 sports taking place across Europe.

Cups, Patronages, Joint Events

EUSA Cups may be awarded to those international sport events that are yet to be considered to be put on the list of sports for the European Universities Championships.

EUSA may grant its patronage to already established university sport events in Europe, helping to promote them through its networks.

EDUCATIONAL EVENTS

Conferences, Conventions & Seminars

As well as our General Assembly, EUSA supports and encourages educational activities in the field of student sport. These are mainly realised by the two events organized by EUSA: EUSA Seminars and EUSA Conventions.

EUSA General Assembly - the official meeting of the EUSA members. It represents the highest authority and governing body of the organisation.

EUSA Seminars - organized biannually, and usually accompany the General Assemblies and focus on subjects which are of interest for the member organisations.

EUSA Conventions - organized annually as a training programme for the organizers of the European Universities Championships and European Universities Games.

PROJECTS

EUSA Projects & Partnership Projects

Apart from the Sports Competitions and other Educational Events, the European University Sports Association also runs independent projects, together with other partners. EUSA is currently engaged with a number of projects in the fields of Gender Equality, Dual Careers, Active lifestyle, Volunteering and more.

Rowing	Jonkoping, Sweden	September 4-7

VI. About EUSA Basketball

The proud history of the EUSA European Universities Basketball Championships goes back to the beginnings of the 21st Century. In 2001 the first European Universities Championships (EUC) were organized in volleyball and... just in basketball. The Event was held in September/October in Aveiro, Portugal, and 5 men's plus 3 women's teams participated in it. The first Champions were The University of Maribor (SLO, men) and The University of Novi Sad (SER, women). From 2001 until 2017 the best universities basketball met at EUS frequently as many as 14 times, and 192 men's plus 138 women's teams took part in the championships.

In the EUC Hall of Fame one can find many basketball teams from the Polish universities. The gold medalists are women from The State Vocational School of Higher Education in Gorzow (2006 and 2007) and the silver medalists are women from SVSHE Gorzow again (in 2004 and 2005), women from The Adam Mickiewicz University of Poznań (2008 and 2011) and women from the University of Warsaw (2015). The bronze medals took the men's teams from The Technical University of Czestochowa (2005) and from The Maria Curie-Skłodowska University of Lublin (2017). Altogether 12 women's teams and 13 men's teams from Poland took part in the European Universities Basketball Championships. The Championships were already held in Poland twice (in 2005 and 2010).

AZS Poznań has already hosted the participants of EUSA European Universities Basketball Championships, in July 2010. 15 men's teams and 12 women's teams took part in the Event. The gold medalists were men from The Vytautas Magnus University (LTU) and women from The University of Beograd (SER). Who will be the next winners in Poznań?

As far as the previous EUSA basketball competitions are concerned... The University of Bologna (ITA) went home with the gold medal in the European Universities Basketball Championship in 2017, with The University of Strasbourg (FRA) winning gold in the womens competition. At European University Games in 2018, in Coimbra, The University of Bologna (ITA) won the gold again, while the womens competition was won by The University of Vienna (AUT).

IX. Rules and Regulations

1. Technical Regulations

EUSA Rules and Regulations 2019 can be found on the EUSA webpage. This includes all general rules and regulations, as well as sport specific rules and regulations.

2. International Regulations and Exceptions

The organization of the EUC Basketball shall be mainly based on the most recent Technical Regulations of the International Basketball Federation (FIBA).

3. Eligibility to Play

REG 55 Only the following may participate as competitors:

REG 55.1 Students who are officially registered for and pursuing a course of study at: university, or similar institute with the status as an institution of higher education recognised by the appropriate national authority of their country. Participation of university teams from disputed territories is possible only for universities recognized either by the European University Association or the International Association of Universities. Such Universities will compete under University and EUSA flag. A student shall confirm his status by delivering completed, signed and sealed EUSA Certificate of Academic Eligibility (Individual Entry).

REG 55.2 Former students of the institutions mentioned above who obtained their academic degree or diploma in the academic year preceding the EUC.

REG 55.3 Competitors shall not be younger than 17 (seventeen) and older than 30 (thirty) years (by formula: the EUC Year –competitor's year of birth = age).

REG 56 If the official(s) of a delegation deliberately misinform the SCAC Chair about the eligibility of a competitor(s), the participant and the team of the sport concerned will be excluded from further participation in the current event: such fraud may give grounds for the termination of that country's membership of EUSA.

4. SCAC – The Supervision, Control and Arbitration Committee

SCAC of the 15th European Universities Basketball Championship consists of:

Chairman

EUSA Executive Committee Member

Marco Zunic (CRO)

Members

EUSA Technical Delegate Basketball, CTC Chair

Peter George (GER)

Assistant EUSA Technical Delegate Basketball

Pascale Weivers (LUX)

EUSA Assistant Sports Manager

Liam Smith (GBR)

EUSA Sports Management Intern

Mariano Carcatella (ITA)

NUSA (AZS) Representative

Tomasz Szponder (POL)

OC Representative, Championship's Sports Director

Tobiasz Nowacki (POL)

First SCAC meeting will be held in the Włoski Hotel on Saturday, July 20, at 11.00 hrs. (at the hotel conference room).

The SCAC office is situated in the Poznań University of Technology Sports Centre, Piotrowo Street No 4, 61-138 Poznań.

Phone contact (mobile) via the OC: 00 48 781 905 817 (Tobiasz Nowacki)

X. Competition Information

1. Competition Format

COMPETITION SYSTEM FOR MEN

16 TEAMS

EUSA BASKETBALL CHAMPIONSHIP

1. Preliminary Round

The sixteen (16) participating teams will be divided into four (4) groups (A, B, C, D) of four (4) teams each. Each team will play all the other teams in its own group (total 3 games for each team).

The final standing of each group will be established after the Preliminary Round as follows:

Group A:	A1, A2, A3, A4
Group B:	B1, B2, B3, B4
Group C:	C1, C2, C3, C4
Group D:	D1, D2, D3, D4

A total of 24 games will be played in the Preliminary Round.

The teams placed 1st and 2nd in each group will qualify for the Quarter-Finals, Semi-Finals and Finals (places 1st – 8th).

The teams placed 3rd and 4th in each group will qualify for the Classification Round (places 9th – 16th).

2. Classification Round /Quarter Finals

2.1. Classification Round

Game 25:	A3 v B4	(9-16)
Game 26:	B3 v A4	(9-16)
Game 27:	C3 v D4	(9-16)
Game 28:	D3 v C4	(9-16)

2.2. Quarter-Finals

Game 29:	A1 v B2	(1-8)
Game 30:	B1 v A2	(1-8)
Game 31:	C1 v D2	(1-8)
Game 32:	D1 v C2	(1-8)

3. Classification Round/Semi-Finals

3.1. Classification Round

Game 33:	Loser 25 v Loser 27	(13-16)
Game 34:	Loser 26 v Loser 28	(13-16)
Game 35:	Winner 25 v Winner 27	(9-12)
Game 36:	Winner 26 v Winner 28	(9-12)

3.2. Semi-Finals

Game 37:	Loser 29 v Loser 31	(5-8)
Game 38:	Loser 30 v Loser 32	(5-8)
Game 39:	Winner 29 v Winner 31	(1-4)
Game 40:	Winner 30 v Winner 32	(1-4)

4. Classification Round/Finals

4.1. Classification Round

Game 41:	Loser 33 v Loser 34	(15-16)
Game 42:	Winner 33 v Winner 34	(13-14)
Game 43:	Loser 35 v Loser 36	(11-12)
Game 44:	Winner 35 v Winner 36	(9-10)

4.2. Finals

Game 45:	Loser 37 v Loser 38	(7-8)
Game 46:	Winner 37 v Winner 38	(5-6)
Game 47:	Loser 39 v Loser 40	(3-4)
Game 48:	Winner 39 v Winner 40	(1-2)

COMPETITION SYSTEM FOR WOMEN

12 TEAMS

EUSA BASKETBALL CHAMPIONSHIP

1. Preliminary Round

The twelve (12) participating teams will be divided into four (4) groups (A, B, C, D) of three (3) teams each. Each team will play all the other teams in its own group (total 2 games for each team).

The final standing of each group will be established after the Preliminary Round as follows:

Group A: A1, A2, A3

Group B: B1, B2, B3

Group C: C1, C2, C3

	24	11:15	Men 3B - 3D (9-12)
	34	13:30	Men 7-8 place
	35	15:45	Men 5-6 place

3. Match Countdown

75-60 min	team arrives at the sports venue
60-30 min	team lists to be delivered to the Match Commissioner
30-10 min	warm-up (possible to begin immediately after the conclusion of the previous match)
10 min	announcement of teams, players and referees
8 min	accreditation cards of players checked in front of the changing room; cards removed and taken to the Match Commissioner table
3 min	teams come onto the pitch and stand in line facing the main tribune
1 min	match begins

4. Sport Information Desk

At the sport halls, where the matches will be played, there will be a sport information board installed, containing up-to-date information about match results and other important data and OC messages, concerning the Championship. Sport Hall Managers will be more than glad to assist the participants in case of any doubts and questions.

An information board and the OC information point will be organized in the Halls of Residence as well.

5. Protests on non-technical matters

REG 31 The SCAC is the highest authority of the EUC and controls overall organizational and technical aspects of the EUC. The SCAC main functions, but not limited to, are: the supervision and smooth running of the EUC, settling any dispute, dealing with complaints or protests of a non-technical nature, taking emergency sanctions against participants (teams or individuals) who violate the EUSA Regulations, deciding on any other matters not covered in these Regulations, at the time of the EUC.

6. Protests on technical matters

REG 36 CTC supports SCAC and is responsible for: confirming the competition system (format) and daily schedule, dealing with any complaints or protests of technical nature and taking sanctions of a technical nature, appointing additional bodies and allocating responsibilities which might be required by rules of the concerned ISF/ESF or by necessities of the competition.

REG 68 The HoD or a person authorized by him/her may protest on behalf of competitors or team. Each protest shall be accompanied by a deposit of fifty (50) EUR except for the following sports: Basketball, Handball, Football, Futsal, Rugby 7s, Volleyball, Beach Handball and Water Polo, where the deposit is 200 (two hundred) EUR. If the protest is upheld, the fee will be returned.

The protests shall be submitted:

REG 68.1 within twenty (20) minutes after the end of the match, to the TD, for the match issues,

REG 68.2 before the start of next competition day, to the TD, if concerns results published by the OC,

REG 68.3 during the competition to the CTC for technical issues,

REG 68.4 during the competition to the SCAC for non-technical issues,

REG 68.5 within 7 (seven) days after the EUC to the EUSA EC.

XI. Additional information

1. Competition Entries

The final list of Competition Entries will be included within the appendix.

2. Athletes Sport Equipment and Clothing

During the Championship all teams must have 2 (two) different sets of uniforms: main colour light and the other dark. During the entire duration of the EUC competition each player must wear the same number.

The specific colour of uniforms required for every match, will be announced the day before and handed to the Head of the Delegation in writing.

3. General Technical Meeting

The General Technical Meeting will be held on Saturday, July 20th, at 16.00 hrs at the Poznań University of Technology Conference Centre in the Meeting Room No 123 (walking distance from the Halls of Residence). The team volunteers will guide the participants there – maximum two people from each team are invited.

Participation in the GTM is compulsory for all teams!

4. Draw Procedure

The draw for the 15th European Universities Basketball Championship will be held in Poznań, during the General Technical Meeting, on Saturday, July 20th.

The teams (men – 16, women – 12) will be divided into four qualification groups, due to the following rule:

A1 = the Host Team*;

B1 = the best team representing the country with the biggest number of points, due to EUSA Ranking List 2019 (W – FRA, M – ITA);

C1 = the best team representing the country with the second biggest number of points, due to EUSA Ranking List 2019 (W – CRO, M – TUR);

D1 = the best team representing the country with the third biggest number of points, due to EUSA Ranking List 2019 (W – ROU, M – RUS).

The draw will start after the Technical Delegate's explanation about its rules and will be carried out in front of the team representatives

Names of the participating teams will be put into the nontransparent balls in advance. (Exception: A1, B1, C1, D1 teams.) The opening of the balls will be done transparently by the person designated by the Organizing Committee and approved by the Technical Delegate. After an opening of each ball, the name of the team drawn will be read loud and clearly.

The draw procedure cannot be repeated, unless a mistake is done. In that case an approval of the Technical Delegate and of the SCAC Chairman is necessary to repeat the procedure.

The result of the draw will be delivered to the participating teams immediately after the GTM is concluded.

* The Host Teams for the 15th EUSA European Basketball Championship in Poznań are:

Women – Adam Mickiewicz University in Poznań

Men – University of Economics in Poznań

5. Fair Play

Fair play is deeply embedded in the values of EUSA. The objective of promotion and encouragement of Fair Play is already set in the statutes of EUSA, as part of the core objectives of the organization. Partnership with the European Fair Play Movement in 2013 proves this even more. Since 2007, EUSA announces the best gesture of fair play in its sports event for the current year and awards the winners the special fair play recognition, Enno Harms Fair Play Award, named after the first EUSA President, a person very much devoted to fair play.

At every EUSA sport event, the organizers, EUSA representatives, and technical delegates pay special attention to the fair play gestures and attitude throughout the duration of the event. By participating at an EUSA sport event, participants are thereby swearing on an oath of respect and fair play. The oath is announced to the world by the student athletes, and by the officials before the official opening of any EUSA sport event.

At first, in 2017, EUSA introduced the Fair Play green card at the European Universities Football Championship as a result of the close cooperation with the European Fair Play Movement. We are proud to see a successful introduction of this green card, which further promotes the values of Fair Play and good sportsmanship gestures on the field. As a result of these actions the people involved with the first showing of the Fair Play green card were welcomed at EUSA Gala 2018 in Madrid to collect the 2017 Enno Harms Fair Play award.

The prestigious annual EUSA Enno Harms Fair Play Award is awarded Athletes demonstrating fair play during the matches, following the rules and pursuing a “clean” game are awarded with a fair play recognition already during the event. EUSA Executive Committee members on its last meeting each year discuss the proposals received from all sporting events governed by EUSA in that year and select the team or individual to receive the Enno Harms Fair Play award which is formally handed to them at a special occasion – usually at EUSA Gala.

6. Anti-Doping

Doping is not a guarantee of success in sport. In fact, its effect is usually the opposite. A lot of elite sportsmen and sportswomen who did doping got caught. As a result, they lost pride and were banned for at least 2 years from participating in a sport they loved and lived for. An even bigger problem of doping are the effects on the body.

In elite sports, doping is defined as a violation of one or more anti-doping rules:

1. Presence of a prohibited substance in an athlete’s sample
2. Use or attempted use of a prohibited substance or method
3. Refusing to submit sample collection after being notified
4. Failure to file athlete whereabouts information & missed tests
5. Tampering with any part of the doping control process
6. Possession of a prohibited substance or method
7. Trafficking a prohibited substance or method
8. Administering or attempting to administer a prohibited substance or method to an athlete

One can find the list of prohibited substances and methods on the internet. It is updated every year by the World Anti-Doping Agency (WADA) and it is valid for every sport. You should check every substance you are taking. Athletes need to completely avoid steroids, erythropoietin (EPO), stimulants, human growth

hormone (HGH), marijuana and narcotics, and pay special attention also to dietary or nutritional supplements.

EUSA is active in Anti-Doping promotion, and has been a partner in the European Anti-Doping Initiative (EADIn), project aimed at establishing an European-wide Anti-Doping mentality in the youth sector by establishing a moral tenor towards concepts such as Fair-play, sensitizing and raising awareness on all levels of the complex social environment surrounding the doping problematic and implementing strategies to motivate young people to pass on the message and create a strong multiplying effect. Also the International University Sport Federation (FISU) has been actively promoting sports without drugs, also on university sport level.

EUSA is currently not enforcing doping tests at its events. In accordance with the national legislation of the host countries, however, doping controls may be implemented by the National Anti-Doping Agencies. If such doping tests are executed, the WADA rules and regulations are applicable to all athletes. Please remember that testing can be conducted in-competition and out-of-competition. If you are identified in a Registered Testing Pool (RTP), you must provide current and accurate whereabouts information.

What can you do to be an excellent sportsman or sportswoman?

- Practice right and live healthy
- Get more information about consequences of Doping
- Play fair and be a good role model to younger athletes
- Be committed to sport without doping

Doping? No, thanks!

XII. Awards

1. List of EUSA Awards

Team Cups for Achievements: 1st, 2nd, 3rd

Title: European Universities Basketball Champion

Individual Medals (Athletes and Officials) for Achievements: 1st, 2nd, 3rd

TROPS* = (SPORT) Students Club

TROPS is an official Championship's Club open every day from 17.00 until the last client, exclusively for the EUC participants, from July 20, until July 26, with the exception on July 23. Located just in front of the Hall of Residence No 5. It an Academic Cultural Centre founded at the beginning of the 20th Century. After the general renovation it was reopen in 2013 and from then on it serves the students with doubled energy. Be ready for good atmosphere as well as for many attractions, special offers and surprises.

Special transportation will be provided by the OC to the places of ceremonies and social activities (TROPS excluded).

SHARING PHOTOS

It is all about sharing... photos!

The Organizing Committee encourages each participant to **use tiny.cc/EUphotos** (or QR Code) to share the best memories and photos of EUC in Basketball. It is honestly straightforward, just open the link, upload your photographs and it is done! You will also find there the photos from the OC, so you cannot miss it!
